

Southwest Chief Trains 3 & 4
California Zephyr Trains 5 & 6
Illinois Zephyr Train 380 & Carl Sandburg Train 381

November 15 and 16, 2014

On November 15 and 16, track work being performed in Illinois by BNSF Railway will affect the trains listed above.

Trains 380, 381, 382 and 383 will operate between Galesburg and Quincy only, and will not operate between Chicago and Galesburg. Bus service will be provided to and from the following missed stations: **Kewanee, Mendota, Plano, Naperville, and La Grange Road.**

Trains 4 and 6 will travel on a detour route starting just west of Galesburg until arriving at Chicago, affecting service at **Princeton, Mendota and Naperville**, as described below:

Eastbound Train 4

- Passengers aboard Train 4 who are traveling to Chicago will remain on the train.
- Passengers with reservations for travel to Princeton, Mendota or Naperville will detrain at Galesburg where bus service will be provided to those destinations.

Eastbound Train 6

- Passengers aboard Train 6 who are traveling to Chicago will remain on the train.
- Passengers with reservations for travel to Princeton or Naperville will detrain at Galesburg, where bus service will be provided to those destinations.

Trains 3 and 5 will operate on as one combined train from Chicago to Galesburg, traveling on a detour route and missing stops at **Princeton, Mendota and Naperville**, as described below:

- Passengers traveling to Galesburg and beyond will remain on the train.
- Passengers with reservations from Chicago to Princeton (only) will be provided alternate transportation.
- Alternate transportation will not be provided to or from Naperville or Mendota.
- Train 5 will operate 60 minutes later at all stations through its arrival at Denver. Contact Amtrak for revised schedule information.
